

Surface Cleaner

For cleaning the spa surfaces

Application

Surface Cleaner allows easy cleaning of the whole spa. Its special formula is particularly effective on scum lines, oils and grease.

Advantages

- Removes dirt and other debris effectively
- Gentle to surfaces

Product description

Liquid cleaning concentrate
Contains: anionic surfactants (< 5 %),
scent and adjuvants

Dosing recommendations

Use Surface Cleaner undiluted on a cloth or sponge and wipe away all dirt in your spa. You may have to lower the water level a little first. Calcium precipitations cannot be removed with Surface Cleaner. To prevent limescale forming, use SpaTime Hardness Stabiliser after each change of water.

Important information

This product should be used solely for the purpose specified.

It is to be used only for cleaning spa or pool surfaces! Never use Surface Cleaner on materials that are not alkali-resistant, for example aluminium.
